#### **CALL FOR PAPERS**

The Kansas Geological Society Bulletin, which is published bimonthly both in hard-copy and electronic format, seeks short papers dealing with any aspect of Kansas geology, including petroleum geology, studies of producing oil or gas fields, and outcrop or conceptual studies. Maximum printed length of papers is 5 pages as they appear in the Bulletin, including text, references, figures and/or tables, and figure/table captions. Inquiries regarding manuscripts should be sent to Rebecca Radford, <u>manager@kgslibrary.com</u> or mailed to 212 N. Market, Ste. 100, Wichita, KS 67202. Specific guidelines for manuscript submission appear in each issue of the Bulletin, which can also be accessed on-line at the Kansas Geological Society web site at <u>http://www.kgslibrary.com</u>

## **SOCIETY Technical Meetings**

#### 2015 Technical Talks

The Technical Talks will break for summer and resume in September

For More Information or suggestions of speakers please contact Dave Clothier: dave@mccoypetroleum.com

Note: For those geologists who need 30 points to renew their licenses, there will be a sign-in sheet at each presentation and also a certificate of attendance.

Please remember to check the website for the most up to date information on Technical Talks http://www.kgslibrary.com/techtalks.cfm

LIBRARY MANAGER

Rebecca Radford 265-8676 manager@kgslibrary.com

The KGS *Bulletin* is published bi-monthly by the Kansas Geological Society, with offices at 212 North Market, Wichita, Kansas 67202 Copyright 2015, The Kansas Geological Society. The purpose of the *Bulletin* is to keep members informed of the activities of the Society and to encourage the exchange and dissemination of technical information related to the Geological profession. Subscription to the *Bulletin* is by membership in the Kansas Geological Society. Limited permission is hereby given by the KGS to photocopy any material appearing in the *KGS BULLETIN* for the non-commercial purpose of scientific or educational advancement. The KGS, a scientific society, neither adopts nor supports positions of advocacy, we provide this and other forums for the presentation of diverse opinions and positions. Opinions presented in these publications do not reflect official positions of the Society.

Is your paleo up to date?

If you know the name of the trilobite, submit your guess via e-mail to manager@kgslibrary.com

Remember that *Trilobite Testing* is sponsoring your efforts, so be sure to thank Paul Simpson the next time you see him.

CONGRATULATIONS!! Tom Dudgeon correctly identified The last one as: Andegavia

Bulletin committee members and PhD's in Paleontology are prohibited from entering.

## **President's Letter**

Greetings fellow KGS members,

Business is improving, though perhaps not as fast as most of us would wish. I am happy to report the Library actually made money in May, so I am in hope that no other changes to our operational budget will be necessary.

I had the privilege of representing the Society at the AAPG ACE Convention in Denver in early June, and it was quite an experience. Our society had a booth, and Rebecca picked up a number of new memberships! Our digital library is definitely attracting attention. Not only in surrounding States, but internationally. I spoke with a gentleman that is interested in building "Google Subterranean", sort of a

sequel to Google Earth. Also talked to several software companies about putting a workstation in our library to demo their mapping and analytical software, some of which is still under development. I am still in touch with those companies, endeavoring to bring this to fruition.

We have a number of activities coming up this summer that I wish to encourage everyone's participation. First is the KGS Golf Tournament, July 13 @ Rolling Hills. The Second will be the KGS Picnic which will be August 7 at All Star Sports West. Would also wish to remind everyone of the upcoming KIOGA Convention on August 2nd-4th. It will be at the Hyatt and Century II this year, so mark your calendars, and note the change in location for KIOGA!

Finally, as I am on my way out to another muddy location in the HEAT, I'm attaching a photo taken a few years ago in the Tetons. I'm still waiting to see some of those 'bucket list' photos from the rest of you, so send in your pictures, and you will be credited in the next issue of the KGS Bulletin!

Frank S. Mize President 2015

## Kansas State University DEPARTMENT OF GEOLOGY

Graduate education for active professionals in this innovative program, workshops, site visits and distance courses help professionals advance in their careers. Whether your goal is to receive academic credit, certifications or a master's degree in geology, you'll find a path that leads to your career goals.

#### CHOOSE FROM SPECIALIZATIONS IN:

## **From The Manager**

#### Dear Members,

The heat of summer is upon us. I'm thinking this is a good thing, fields are drying out so farmers can get the wheat cut and drilling rigs can get to location. We just need a few more people to start drilling again.

The KGS had a booth at the AAPG meeting in Denver this past month. We had such good traffic at the booth, many of you Colorado members stopped by to say hello and I made many new contacts that are interested in joining the KGS. It was a great meeting.

#### KGS Golf Tournament will be on Monday, July 13th.

Watch the web site for more information as we get closer to that date. Registration forms will be available on-line or at the library or can be emailed upon request.

The **KGS Picnic will be Friday, August 7th** back at All Star Sports West. Wes Hansen will be heading the picnic up again this year so if you get a call for donations, please be generous.

I'm going to repeat our President's plea, if you are vacationing this summer, send us some photos of locations and the geology you might be seeing. Here's one of Pike's Peak that I took on our way home from the AAPG convention in Denver.

## WOULD YOU LIKE TO INCREASE YOUR PRODUCTION AT A FRACTION OF THE COST OF HORIZONTAL DRILLING?

<u>Well Enhancement Services, LLC</u> is jetting laterals utilizing new technology and coiled tubing. We now have the ability to place hundreds of gallons of acid hundreds of feet away from the well bore. This allows us to not only enhance existing production but to produce reserves previously unreachable. It has established itself by repeatedly increasing production in both new and existing wells. Contact us for more information, questions or to schedule your next well with **WES**.

Sensible Seismic Acquisition in the Mid-Continent and the Rockies

## SOUTH TEXAS SEISMIC CONSORTIUM

Global's South Texas Seismic Consortium enables our multi client license holders to extract more value from their seismic investment at a significantly reduced price by:

- Applying the industry's leading full azimuth processing to produce a rich suite of 3D attributes including pre-stack elastic inversion volumes and rock properties
- Leveraging the participants' investments in well data to calibrate the models across large areas
- Providing depth interpretations and seismic volumes suitable for horizontal well planning by tying available formation tops across the entire study area
- Offering a price per square mile significantly lower than proprietary prices with participants able to access volume discounts

Participate and save both time and money. Receive new inversion ready processing; azimuthal and post stack time attributes with data benefitting

from full aperture in migration and no edge effects.

## Memorials

*James B. Devlin,* born October 31, 1932 in Wichita to Fern and Floyd Devlin, passed away April 25, 2015. Funeral Mass was held at 10:00 A.M., Friday, May 1, 2015, at Church of the Magdalen. Jim attended Cathedral High School where he met his wife of 62 years Kathleen Powers. He attended the University of Kansas and graduated with a degree in geology and petroleum engineering. He was a member of Delta Tau Delta fraternity. Jim joined the Marine Corps in 1955 and served as a First Lieutenant Infantry officer until 1958. He began his long career in the oil and gas business as a staff geologist with Conoco from 1958-1963. In 1963 Jim became a consulting geologist and independent oil operator of Jayhawk Oil Company. In 1982 he formed Viking Resources with Tom Wesselowski. Jim was a past President of KIOGA, an inductee into both the Kansas Oil and Gas Hall of Fame

and the Kansas Oil Museum, past President of Wichita Country Club, and a found board member of the Sedgwick County Zoo among his many accomplishments. Jim is preceded in death by his sister, Mary Barry of Denver, CO. He is survived by his wife of 62 years, Kathleen; and his sister, Nadine Hickey of Virginia. Jim is also survived by his four children, Kathi Devlin Page (Stephen) of Dallas, Shannan Deviln Carnes (John) of Wichita, Shawn Powers Devlin (Cathy) of Wichita, Brian Patrick Devlin (Julie) of Boulder, CO; grandchildren, Collin Powers Devlin, Connor Kelly Devlin, Patrick Powers Devlin, Laine Elizabeth Devlin. Jim treasured his wife, children, and of course, his grandchildren. He loved his friends, KU sports, and telling a good joke. His friends will remember that he had an opinion on anything and you seldom had to ask for it. Jim and Kathy had many adventures traveling the world together and great trips with wonderful friends. For over 65 years, they treasured their time at their beloved mountain cabin in Spar City, CO. Jim was legendary for his great story telling, remembering the punch line to the best jokes, and being surrounded by so many friends, family and laughter. Big, gregarious, bright and honorable he inspired us all. He left a mark on everyone and every community he was a part of. And like a true United States Marine, was a great leader for the organizations he was involved with. A memorial can be sent to: The Marine Corp Scholarship Foundation, 909 N. Washington St., Ste. 400, Alexandria, VA 22314 in memory of James B. Devlin or online at: www.mcsf.org. Downing & Lahey Mortuary East.

*Harold I. Bergman.*, 95, Retired Petroleum Geologist, died Monday, June 1, 2015. Graveside Service was held at 3:00 P.M., Wednesday, June 3, 2015, at Hebrew Cemetery. Preceded in death by his wife, Elinor Bergman. Survived by his daughters, Marsha Weiss, Betsy Kusin, Kathy (Garey) Marks, all of Houston; grandchildren, Jeremy (Karen) Weiss of Napa, CA, Meredith (Jonathan) Shikora of LosAngeles, CA, Shana Kusin of Portland, OR, Andrew Marks (Nataly) of Houston, TX, Zev Kusin(Paige Nilson) of Austin, TX, Annie Marks of Los Angeles, CA; 6 great-grandchildren. Donations can be made to the Mid-Kansas Jewish Federation, 400 N. Woodlawn St., Ste. 8, Wichita, KS 67208. Downing & Lahey Mortuary East.

#### NOTICE!!!!! WSU GEOLOGY CLUB & Papa John's Pizza

Papa John's offered WSU student organizations an opportunity to raise monies for their organizations.

The WSU Geology Club is participating And YOU can help them!

When ordering pizza from Papa John's, Use this code: **WSU004** (those are zero's, not letter O)

With this code, the customer will receive 40% off their entire online order and WSU's AAPG Student Chapter will receive 10% of the money spent on the order.

> Eating pizza tonight? Let's help WSU Geology Club!

Monies raised will be used towards gas money to travel to local schools when they promote the geosciences to grade schools, registration costs for workshops, seminars and AAPG Student Expos, and social and academic events like an upcoming "Lunch and Learn" series next fall.

## Kansas Geological Foundation

Web Site: www.kgfoundation.org

#### 212 North Market Wichita, Kansas 67202

A not-for-profit educational and scientific corporation

### **GOALS:**

- promote geology and earth science

- preserve geological records
- establish memorials and endowments
- support field trips and seminars
- financial aid and grants to students

## PLEASE HELP SUPPORT THE FOUNDATION

#### Kansas Geological Foundation Services

The Kansas Geological Foundation provides the following services as a part of the organization's commitment to educate the public regarding earth science.

#### Speaker's Bureau

A list of speakers available to talk about various aspects of geology may be obtained by contacting Janice Bright at the KGS Library, 265-8676. This service is free to the public.

#### **DVD/Videotape Library**

The KGF maintains a DVD & videotape library focused primarily on the various fields of earth science. These tapes may be checked out without charge by the public. To obtain a list of tapes, please contact the KGS Library, 212 N. Market, Ste. 100, Wichita, KS 67202, or call Janice Bright at 265-8676. The Kansas Geological Foundation was founded in March, 1989 as a not-for-profit corporation under the guidelines of section 501(c)(3) of the tax code to provide individuals and corporations the opportunity to further the science of geology. It is dedicated to providing charitable, scientific, literary and educational opportunities in the field of geology for the professional geologist as well as the general public.

KGF can receive in-kind donations through which the donor may receive a tax deduction. Of equal importance, the KGF provides the financial resources to sort, process and file this data at the KGS library. If you have a donation to make, please contact the KGF at 265-8676.

Your tax-deductible membership donation helps to defray the cost of processing donations and to support public education programs about the science of geology. Annual membership begins at \$50.00 per year. Donations of \$100.00 or more are encouraged through the following clubs:

Century Club \$500 Club Millennium Club President's Club \$ 100 to \$ 499
\$ 500 to \$ 999
\$1000 to \$5000
\$5000 and over

## **Exploration Highlights**

#### By John H. Morrison, III Independent Oil & Gas

**1-Red Oak Energy, Inc.,** Wichita (KS), has successfully completed their #1-25Walker (API 15-203-20303) as a commercially productive oil discovery on the eastern side of Wichita County, near the Scott County line. The White Fox pool opener was drilled to a total depth of 4,912 feet at site located in the SE/4 of section 25- T 16s- R 35W, about nine miles north and four miles east of the town of Marienthal. The well is producing an undisclosed amount of oil from the Marmaton formation. Closest established production in the vicinity lies nearly three miles away in the Beaver Cliff North field which Wichita-based Eagle Creek Corporation discovered last year.

**2-Samuel Gary Jr & Associates, Inc.**, Denver (CO), has a new Lansing – Kansas City oil discovery in Sheridan County, northwestern Kansas. The # 1-25 K & K Farms (API 15-179-21390), spotted in the SW/4 of section 25- T 10s- R 30W, found new reserves over two miles southeast of established LKC production in the Fellhoelter field (estbl: 1978). Discovery Drilling tools were used to drill the well to a total depth of 4,552 feet. The new Back Nine Field lies about one and one-quarter miles northeast of the town of Grinnell.

**3-Independent oil producer L. D. Drilling, Inc.,** Great Bend (KS), is producing crude oil from the Lansing-Kansas City and Marmaton formations at the #1-13 Ultra Unit (API 15-063-22251), spotted in the NW/4 of section 13- T 13s- R 29W, in Gove County. The wildcat well establishes the Gove Townsite South Field over one mile south of the Gove Townsite pool, which L. D. Drilling discovered last year with similar pay horizons. Production depth in the Marmaton is from 4,300 to 4,303 feet and LKC is from 4,159 to 4,185 feet. The Ultra Unit well was drilled to a total depth of 4,621 feet at location slightly over two miles south of Gove, Kansas. **4-Lawco Holdings, LLC,** Bentonville (AR), has discovered new oil reserves in the Marmaton (Oswego / Fort Scott) formation at the #1-11 Reed (API 15-035-24620), located in the SE/4 of section 11- T 33s- R 7E, in Cowley County, southeastern Kansas. The new Hogback Basin Field resides over two miles from multiple zone oil and gas production in the Guthrie field (estbl: 1936), or about five miles east of Dexter, Kansas. Operator bottomed the well at a total depth of 3,469 feet.

**5-Black Tea Oil LLC,** Hays (KS), has opened a new Lansing – Kansas City oil field in Logan County. The #1 Younkin B (API 15-109-21389), spotted in the NE NW of section 35- T 14s- R 34W, began producing an undisclosed amount of crude oil in April this year. The well found the new reservoir over two miles from closest known production in the area in the Lone Butte South field (estbl: 2014, Marmaton oil), or nearly seven miles south and five miles east of Russell Springs, Kansas. Total depth was 4,680 feet. The new field is named Lone Butte Southeast.

**6-Culbreath Oil & Gas Company, Inc.**, Tulsa (OK), has opened a new multiple zone-producing oil field in Rawlins County, northwest Kansas. Discovery of new reserves were made at the #1-7-A1 Dewey Trust (API 15-153-21113), located in the NE/4 of section 7- T 5s- R 35W, about ten miles south and four miles east of the town of McDonald. The wildcat well is producing an undisclosed amount of crude from the Lansing-Kansas City and Cherokee formations. Total depth is 4,864 feet. Several offset locations have been staked in the vicinity of the new find. The well establishes the Mirage Field.

7-BlueRidge Petroleum Corporation, Enid (OK), has a dual-pay oil discovery in Rawlins County, about four miles northwest of the town of Achilles, Kansas. The #1-11 Norman (API 15-153-21077) is producing an unknown amount of crude from the Shawnee (Toronto) and Lansing – Kansas City zones. The remote wildcat well was bottomed at 4,540 feet at site located slightly over six miles northwest of the Daisy field (estbl: 2012), which produces oil from the same two zones. The new field has been given the name of Norman.

**8-New Gulf Operating LLC,** Tulsa (OK), is pumping 25 barrels of oil per day, no water, at the #1-15 Marius (API 15-109-21292) – a 4,750 foot deep wildcat well in Logan County. The well is producing oil from the Marmaton formation at depth of around 4,300 feet at location in the SE/4 of section 15- T 14s- R 34W. Rotary total depth is 4,750 feet. The new Lone Butte Northeast Field lies over two miles northeast of the Lone Butte pool (estbl: 2012, Marmaton oil) and is almost seven miles southeast of Russell Springs, Kansas.

**9-TAOS Resources Operating Company LLC**, Houston (TX), has completed the #17-1 McConaghy (API 15-035-24605), NW/4 of section 17- T33s- R 5E, in Cowley County. The Big Badger South pool opener is producing oil from the Mississippian formation about four miles southeast of the city of Winfield, Kansas. Closest existing reserves in the area can be found two miles to the east in the Maddix North oil field (estbl: 1957, Mississippian). Total depth was obtained at 3,750 feet.

#### **UPCOMING EVENTS LISTINGS**

#### July 13—KGS Annual Golf Tournament at Rolling Hills Country Club

August 7—KGS Annual Picnic—All Star Sports West

August 2-4—KIOGA at Hyatt Downtown

September 14-16 EKOGA—Prairie Band Casino, Mayetta, KS

September 18—KGS Annual Fishing Tournament—Pratt County Lake

Registration Forms for tournament events are available online

## **Kansas Geological Foundation Memorials**

## **All Around You**

## Weatherford has always been driven by your needs.

Now, with the addition of Precision Energy Services we're continuing to build a world of skills, services and technologies that revolve – and evolve – around you.

#### The result?

An expanded global network of 25,000 people, 730 service bases and 87 manufacturing facilities in 100 countries. This increased local knowledge and service is there to support you anywhere, anytime. From midday in the Middle East to midnight in the middle of nowhere.

And with greatly strengthened capabilities in the critical evaluation skills of directional drilling and wireline logging, we can do even more to improve the profitability and productivity of your wells.

To see how our sphere of services can work for you, visit www.weatherford.com or contact either your Weatherford or former Precision Energy Services representative.

Drilling | Evaluation | Completion | Production | Intervention
